

## November 2019 Newsletter

### November 2019 Permit Reports

Our Permit Reports are attached to this Newsletter, you can also view weekly and monthly reports online on the Routt County Regional Building Department website, or use the below link to get there.  
<http://www.co.routt.co.us/606/Permit-Reports>

### Routt County Building Department Holiday Closures

The Building Department will be closed on the below dates and times for the Holidays, in advance we wish you a Happy Holiday Season and enjoy time with friends and family.

Christmas Eve Tuesday December 24<sup>th</sup>, 2019: Open from 7:00 AM to 12:00 PM

Christmas Day Wednesday December 25<sup>th</sup>, 2019: Closed All Day

New Year's Day Wednesday January 1<sup>st</sup>, 2020: Closed All Day

### City of Steamboat Springs Contractor Forum Thursday December 12<sup>th</sup>, 2019 at Bud Werner Memorial Library from 9:00 AM to 11:30 AM.

This is an excellent way to network and communicate with City Staff and other Departments working on Community Development Projects and Reviews. Updates will be provided on the new structure for the Development Review Team (formerly TAC), Construction Stormwater permitting, and overview that will cover revisions in codes and regulations. The Building Department will provide a brief update on three main projects for 2020; Implementation of City View Land Management Software, 2018 ICC Code Adoption, and Contractor Licensing. We look forward to seeing you at this event and appreciate your time in advance.

[Building Officials Host Contracting & Development Forum](#)

### Inspector Tips

- Please make sure you have the Record Set Approved Plans or Addendums on site with the **RCRBD Record Set Stamp** on the plans for all inspections. New Construction must have full Blue Print Sized Plans on site (18" x 24" or 24" x 36"). We cannot accept smaller sizes on site, it becomes difficult for us to read the plans and specifications.
- Attic Access Hatches Energy Code Compliant: Please ensure your Attic Access Hatch carries the same R-Value as your Attic per your approved plans, and is equipped with a Tight Seal around the perimeter. There are lots of great products available, or you can construct your custom hatch, however remember to ensure proper R-Value is met and it's sealed.

## Calendar Year 2020 Outlook

- **City View Land Management Software:** Routt County and the City of Steamboat Springs have officially started the Implementation process of our new Land Management Software in Mid-November. We are in the early phases of the project just starting to work on Data Conversion and Property Information being downloaded. The project from start to finish will take approximately 12 to 15 month's total, before we begin using the software or the Go-Live Date. Both County and City Staff are excited about this project, and were looking forward to the benefits and efficiencies the software will create for all of us internally and externally, and more specifically all the new features and advantages it will offer the public and our professionals from submittal to completion on all projects.
- **2018 ICC Building Codes:** The Routt County Building Department will begin to review the significant changes from the 2015 to the 2018 ICC Building Codes this winter. The projected adoption date of the 2018 ICC Building Codes is January 1<sup>st</sup>, 2021. Our goals will be to host outreach events this winter to discuss significant changes with our local Contractors and Professionals, and review these changes and discuss any possible local amendments or deletions that may need to be made. We also listen to items of concerns with our current code adoption, and get feedback on what is working well, or what is not working well in the field and discuss possible changes that may need to be made. We look forward to working with all of you on this code adoption process. We have budgeted money to hire consultants to help with outreach and training, and we also applied for a Grant through the State of Colorado and their consultant seeking specific training on the Energy Code for commercial and residential construction.
- **Contractor Licensing:** The Building Departments goal will be to roll-out the Contractor Licensing and Testing Program in CY2020. We will be providing our initial work plan to the Building Oversight Committee in January of 2020, then shortly thereafter presenting this to the public and implementing the testing program thereafter. We will provide all Contractors a full year to complete the test and training from the date we actually implement the Licensing Program. State Licensed Electricians and Plumber are exempt from taking our exam because they have passed and earned their Licenses through the State of Colorado. State Licensed Plumber who also perform HVAC work, are also exempt from taking the Mechanical Contractor Exam, again due to the fact they have taken and passed the State Exam.

**Who Needs to take an Exam?** Anyone who applies for a Permit or will be listed as the Permit Applicant and does not meet the exception of being the Private Home Owner of their primary residence, and this primary residence is a Residential Building.

# Contractor Licensing Information

- **Contractor Licensing and Testing Options**

- ❖ Contractors who currently hold a BEST Card Contractors License from Snowmass, Carbondale, Glenwood Springs, Basalt, or City of Aspen automatically share reciprocity with Routt County. All that will be required is for you to present your Best Card contractor license that has been provided to you from one of these Jurisdictions.
- ❖ Contractors who have taken and passed an ICC Contractor Exam, or Contractors who may choose to take one of the ICC Contractor Exams below will also share reciprocity with Routt County, and be provided a Contractor's License upon showing proof of your ICC Certification as a Contractor who passed the exam.
  - ✓ ICC General Building Contractor Exam (A): This exam will certify you for any Class of General Contractor Licensing.
  - ✓ ICC Building Contractor License (B): This exam will certify you as Light Commercial Construction License.
  - ✓ ICC Residential Building Contractor License (C): This exam will certify you as a residential homebuilder.
  - ✓ NOTE: ICC also offers exams on Specialty Trades, such as Roofing as an example, we will honor all ICC Specialty Certifications and Exams.
- ❖ Contractors can choose to take the Best Card Contractor Test here locally in Routt County which will be offered by the Routt County Building Department in Calendar Year 2020. The dates, times, and location of taking this exam is to be determined yet, this information will be shared with all of you in February of 2020. The Cost of each exam is also to be determined yet, and we will provide this information in February as well. The Building Department intends to offer a Pre-Test Workshop the same day you would take the exam, and provide you with education and information on similar questions that would be asked during the exam. We would want to familiarize you with the Code Book applicable to the exam your taking, and show you how to navigate the book to find code sections and answers to the test questions. We would offer this course and test in classrooms that can accommodate large numbers of contractors, and they would be specific to one of the exams and licenses offered below. We would also offer one contractor at a time to take a proctored exam in our office, first come first serve basis on our public computer.
  - ✓ Unlimited Test 100 Questions
  - ✓ Commercial Test 75 Questions
  - ✓ Light Commercial Test 50 Questions
  - ✓ Home Builder Test 50 Questions
  - ✓ All Specialty Test 25 Questions
  - ✓ Passing Score is 70% on all exams

**NOTE: Please review the next page for descriptions of work allowed under each category above.**

## CONTRACTOR LICENSE DESCRIPTIONS

- **Unlimited:** This classification qualifies the holder to contract for the construction, alteration or repair of any structure of any type of construction and occupancy group as permitted by the International Building Code.
  
- **Commercial:** This classification qualifies the holder to contract for the construction of any structure of any type of construction and occupancy group as permitted by the International Building Code; with the exception of Type I and Type II buildings. Also, this classification qualifies the holder for the alteration or repair of any structure of any type of construction and occupancy group permitted by the Building Code. (Type I & Type II are fire ratings)
  
- **Light Commercial:** This classification qualifies the holder to contract for the construction, alteration, or repair of A-2, A-3, B, E, M, R, S-1, or U occupancy groups of any type of construction with the exception of Type I and Type II fire-resistive construction as permitted by the International Building Code. (\*\*A-2 and A-3=Assembly, i.e. restaurants, churches, etc.; B=Business and Offices; E=Educations; M=Mercantile; R= Residential; S-1 & S-2=Moderate and low hazard storage, including parking garages; U=Utility, i.e. garage, storage, barn, water tanks, towers.)
  
- **Home Building:** This classification qualifies the holder for the construction, alteration, or repair of buildings regulated by the International Residential Code.
  
- **Specialty:** This classification qualifies the holder to contract for work involving the specialty trades regulated by the International Codes, including the following:
  - Alteration/Maintenance
  - Drywaller/Fire Resistive Construction & Penetrations
  - Fire Alarm System Installer
  - Fire Sprinkler System Installer
  - Insulation/Energy Efficiency
  - Mechanical Contractor
  - Roofing
  - Solid Fuel and Gas Appliance
  - Temporary Contractor

\*\*Chapter 3 and 6 in the IBC defines the differences in different Commercial licenses and how Type I and Type II buildings are defined.

# MINI RECAP SHEET

The following is the November 2019 report for the Routt County Regional Building Department with all the statistics, financial and expense activity.

<b>YEAR TO DATE 2019 CONSTRUCTION VALUATION</b>	<b>\$180,270,119.00</b>
<b>YEAR TO DATE 2018 CONSTRUCTION VALUATION</b>	<b>\$158,429,952.00</b>
